The big print

- We will consider all types of let commercial investment properties across the UK except owner-occupied
- This is a fixed term product for which we calculate and charge interest on a daily basis
- When we come to value the property we will use a valuer and valuation methodology appropriate for the type of asset that we are lending on

The interesting stuff

- **Interest-only:** Interest only allows the borrower to retain surplus income; a key customer motive for holding investment property
- **Fixed interest for duration of loan:** Irrespective of what happens to LIBOR or Base Rates, borrowers' interest payments don't change
- **No ERCs after two years:** By imposing ERCs for two years only, we allow the customer complete freedom to sell or refinance their asset thereafter
- **1.0 ICR Covenant:** Based on net rental income and throughout the facility term
- **Payment holiday available:** This option is available should there be breaks or expiries during the facility term
