

Bridging is all about helping your clients get from A to B as quickly as possible, and our bridging product is designed to deliver just this. Our Fast Track option utilises AVMs and enhanced title indemnity insurance to save time during the underwriting process. With Fast Track, full valuations aren't required, and many key legal issues are indemnified. When your enquiry doesn't qualify for Fast Track, our Standard Bridging option offers all of the same care and due diligence, but requires a full valuation to be carried out and for solicitors to conduct full enquiries, which could result in a slightly longer processing time. For more information on which option is most suitable for you, please see the qualifying criteria below.

Product:	Fast Track Bridging				Standard Bridging			
	Please note that the case must qualify for both AVM & enhanced title indemnity, see next page for qualifying criteria
